

Boone County

PALS

Animal Assistance Fund

The Boone County PALS Animal Assistance Fund was designed to provide a range of services including low-cost Spay/ Neuter and basic vetting options for local Boone County residents. Partnering with local vets and supporters, B.A.R.C. Boone Animal Rescue Coalition, Inc. has a volunteer team on hand who can provide the guidance and support to help those in need.

To inquire about available resources and services, contact B.A.R.C. today and receive an informational packet.

- Local Spay/Neuter Program
- Discounted Vaccinations
- Dog/Cat Food Pantry
- Emergency Medical Assist.
- Community Awareness
- Volunteer Opportunities

WHAT IS PALS ?

Piper, Ace, Lucy, and Sampson – Four beautiful dogs whose lives were cut short due to a horrible virus known as Distemper. Their deaths could have been prevented by basic routine vet care and vaccines. Piper, Ace, Lucy and Sampson were all discarded and scheduled to be euthanized at the Boone County Dog Pound. They made it into foster care but shortly thereafter their foster families had to watch their bodies and minds slowly decay. No matter how hard they fought, the horrible disease wouldn't let go. In memoriam of these four beautiful souls, we dedicate this program to them in hopes that their story will save the lives of even one animal !
